All-Purpose Cleaner Package

Good hygiene
with Optima pH

Good hygiene with Optima pH

Documented effect. Cleaning products with low pH prevent growth of harmful bacteria, and do not harm the good ones.

1. Clean with **Optima pH4 All-Purpose Cleaner**.
2. Spray **Optima pH 3,6 Organic Acids** on surface for extra protection. Leave to work or wipe off.

These products are well suited for industrial, domestic, health and agricultural use.

Eco-friendly cleaning with vinegar • Mild and skin-friendly
